

School Picnic

We had a school picnic on 8th October, and this picnic was the last one in primary school. In the morning, Po Lam station was closed because of vandalism. At first, my dad and I wanted to take the bus but it was full of people. Then, we needed to take the shuttle bus, but we had been waiting for an hour to get on the bus. At last, needed to take the MTR straight to Ocean Park. When we arrived there, it was eleven o'clock already.

After we finished the STEM activity, we rode on the merry-go-around and the frog hopper. Although they were not too exciting, still they were fun!

After that, we went on the Ocean Express. The TV displayed the sea creatures. That was amazing! When we arrived at the Summit station, we got off the train and walked to the Broadwalk Café to have lunch. The rice was delicious!

In the afternoon, we went to the Pacific Pier to take a photo. The view there was beautiful! Then we went to the Sea Jelly Spectacular, Shark Mystique and Ocean Park Tower. The animals were mysterious and the views of the South China Sea were spectacular! We also went to the North Pole Encounter to look at the cute spotted seals and two pacific walruses. It was very cold in there!

Next we went to the booths. Unfortunately, we didn't get any prize there, but we used almost 250 dollars!

At last we took the Ocean Express and our school's shuttle bus and went home. Luckily, Po Lam station was opened in the afternoon. It was an unlucky day at first, but it turned into a lucky day in the end!

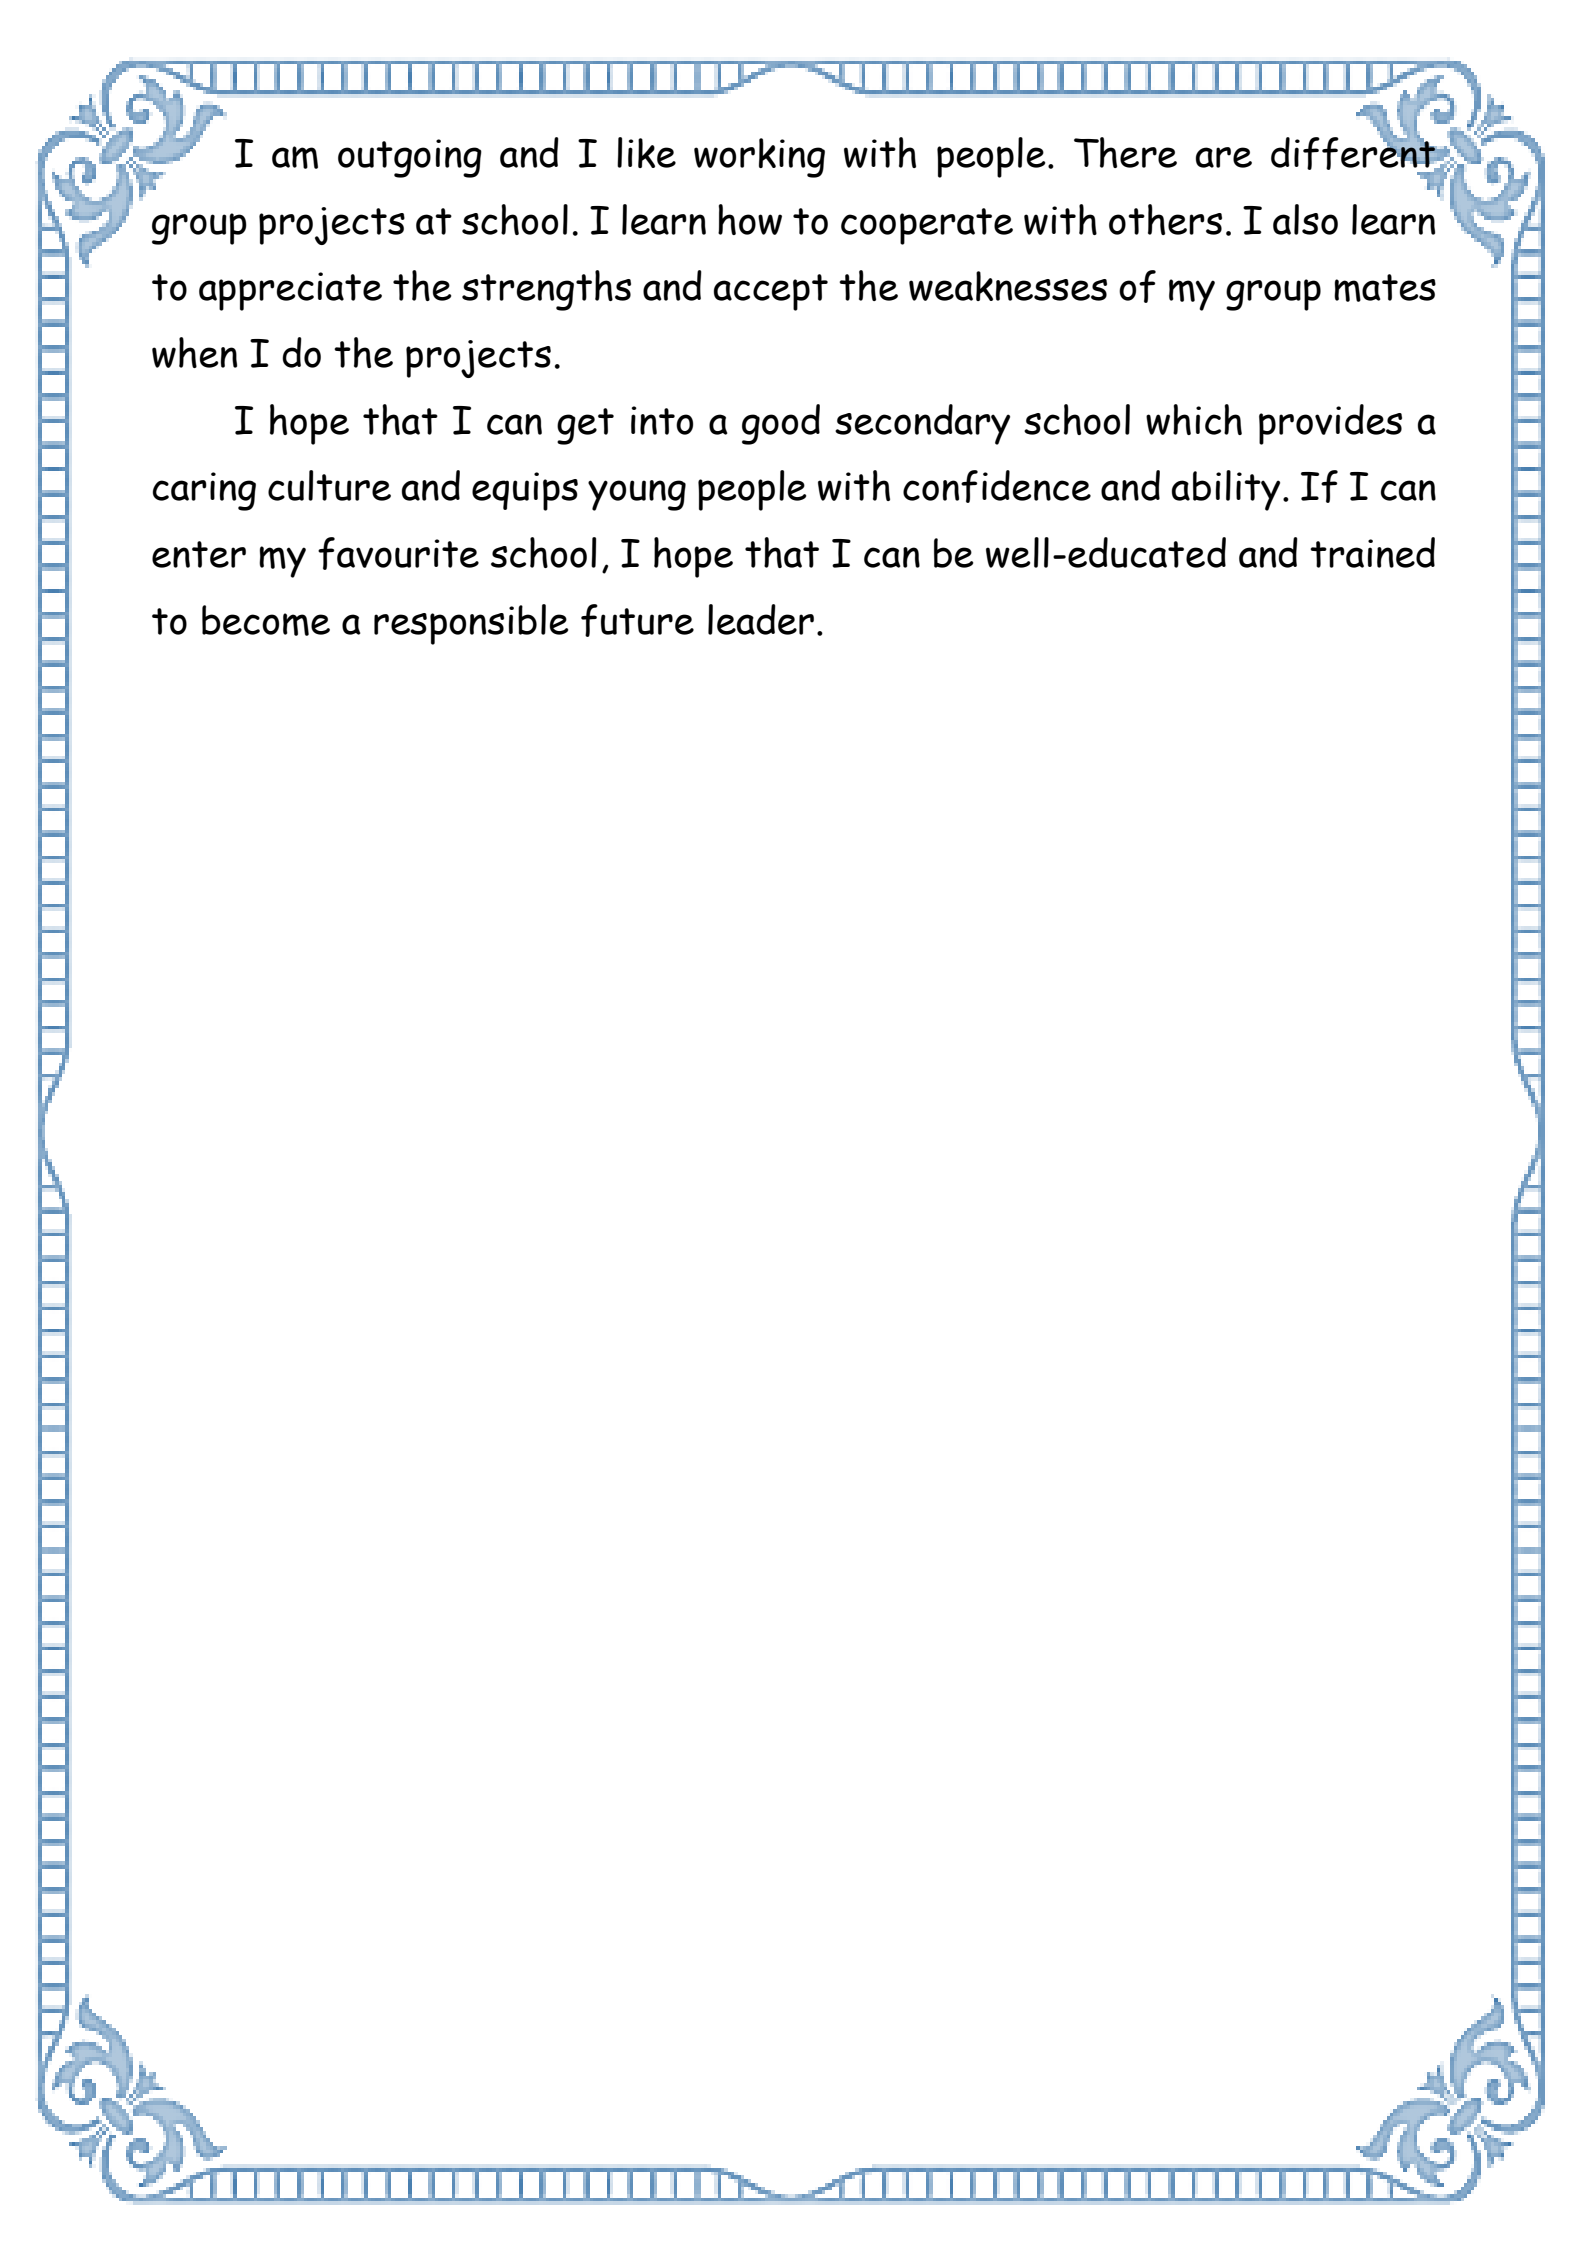

Introducing Myself

My name is Megan. I am eleven years old and my birthday is on 15th October. I have two family members, they are my parents. I don't have any siblings so I am the only girl in my family. My father works in a laboratory and he is a chemical engineer. My mother is an English and PE teacher and she teaches her students in Tin Shui Wai. It's really far from my home!

I am studying in Hennessy Road Government Primary School which is in Wan Chai. I am in class 6P with my friends such as Hayley Wong, Aki Wong, Corliss Chao and Veneta Lui. I really enjoy my school life because I am busy! I love to be busy and I am a librarian and a monitor. I'm also a member of the Folk Song Group and the English Drama Club. I have my practice once a week. My favourite subject is English. When I was one year old, Mum taught me English and spoke English with my family until I was in kindergarten. I didn't know how to speak Cantonese so I didn't have any friends, but I have lots of friends now! I really enjoy writing English and speaking English. It helps me chatting with my relatives in Canada.

I usually play the piano and listen to music during my leisure time. I also go to Canada to visit my relatives during my holidays. My hobby is riding my bicycle. I always ride it on Saturdays. I also like reading books. I love reading my fables and fairy tales. My favourite story is Cinderella because she is kind-hearted and generous.

I want to be a flight attendant in the future. Flight attendants need to be patient and caring. They need to speak different languages too. I am good at English and I will learn French in the future too. I can learn fast so I can speak different languages when I grow up. However, I'm not good at time management. I will improve myself.

I am outgoing and I like working with people. There are different group projects at school. I learn how to cooperate with others. I also learn to appreciate the strengths and accept the weaknesses of my group mates when I do the projects.

I hope that I can get into a good secondary school which provides a caring culture and equips young people with confidence and ability. If I can enter my favourite school, I hope that I can be well-educated and trained to become a responsible future leader.
