### Making a Noticeboard

Do you know you can make your own noticeboard using recycled materials? To make the noticeboard, you need a moon cake tin, a piece of cardboard, a coloured piece of paper and some magazines pages. You also need some glue, scissors and a pencil.

First, use a moon cake tin to draw a rectangle on the cardboard. Next use scissors to cut out the rectangle from the cardboard. Then wrap the cardboard with the coloured paper. Finally, cut the magazine pictures from the magazine pages and use glue to stick them to the coloured paper to decorate the moon cake tin.

The noticeboard is a neat and tidy way for reminding us about important things. You can pin your messages on it and decorate it by yourself. The noticeboard is made of recycled materials and it is cheap and inexpensive.
