## Christmas

Christmas Day is on the twenty-fifth of December. The weather is very cold.

People gather at friends' houses and go shopping. People have Christmas parties, exchange gifts and watch Christmas lights. Some people like eating turkey and having hot pot at Christmas.

I have parties, watch Christmas lights and have hot pot. I like Christmas because it is enjoyable, and I like having hot pot, having parties and watching Christmas lights.

## My Three Good Classmates

My classmates are nice. I'll tell you about three of my favourite classmates.

First, Kinbe is one of the best. She helps me and others with our homework. She is kind. She always likes to share, even with you! She is good at English and wants to be a gamer too! She is nice and lovely! She is the best.

Cayden, which you call him 'Cyden' sometimes by mistake, is good at Chinese. He likes studying. He wants to be a policeman because he is smart and hard-working.

Finally, Thomas is the smartest. He is good at mathematics. He likes dictation very, very much. You are right if you guess he is good at English dictation! He wants to be an English teacher. He is helpful and good!
