A Wonderful Trip

4 years ago, I had a wonderful trip with my family. We went to Japan because we wanted to go shopping.

We went to Japan by plane. When we arrived at Japan, it was nine o'clock in the morning. We were hungry, so we had some noodles in a restaurant.

After that, my family and I went to a hotel and we stayed in this hotel for five days. Since we were tired, we took a rest in our rooms.

My family and I went to the theme park later. It was big, colourful and fun. We had sushi and ice cream after we had left the theme park. Also, we bought lots of dresses and toys in the shopping malls.

We returned to Hong Kong in the morning. What a nice trip! I felt happy because the trip was wonderful and unforgettable. I hope I can visit Japan again!

My Favourite Animal

My favourite animals are dogs. There are different kinds of dogs. One kind of dog is called a bulldog. They have a large head, folded ears and loose skin!

Bulldogs usually live in England. Bulldogs like sweet potatoes, dog food, chickpeas and salmon for meals. Dogs always want to play hide-and-seek, water games and laser pointer games.

I love dogs, because I really think that dogs are so cute!
