My Dream Country to Visit

Everyone has his own dream country to visit such as Japan, Thailand or Australia. They have their reasons to visit their dream country. I am no exception. My dream country to visit is the fourth largest country of the world - the United States of America (USA).

I would like to visit the USA with my friend Scott. He has been a friend of mine since kindergarten. The USA is a place that has much economic prosperity. There are a lot of attractions as well as historical heritage spots, such as the Statue of Liberty and the White House in the East Coast. There I might see the President of the USA and shake hands with him!

I could even go to the West Coast and visit the Disneyland in California. It is the largest theme park in the world. I would like to meet cartoon characters and take photos with them. I also want to visit Las Vegas. Although I can't enter the casinos, I can go to a hot spring in a hotel. It would be so much fun! I hope I can visit the USA with my friend, Scott, in the future!

Create a Monster

I have a monster friend. He is green and big. His name is Kong Kim. His favourite food is sausages. He has to eat ten sausages a day.

Kong Kim lives in a wooden house next to my flat. Every day, I go to play with him in the park opposite the wooden house. He often makes people feel scared. When they see him, they will always run away. Perhaps it's because of Kong Kim's three eyes.

But actually, he is kind and helpful. Last month, when Kong Kim and I were playing in the park, we heard a girl crying. Kong Kim found the girl. He made funny faces and held the girl. At last, the girl found her parents with the help of Kong Kim.

Kong Kim is not only a lovely monster, but also my best friend.
