

1H Ho Cheuk Ying

My Favourite Toy

These are magnetic blocks. They are blue, pink, yellow and purple. They are in a triangular shape. They can be big or small. They are hard and in different shapes.

I can use my magnetic blocks to build a tetrahedron.
Can you see my drawing above of a tetrahedron?

I put my magnetic blocks on my desk.

1H Chiu Harold Hau Him

My Favourite Toy

I put my favourite toy in a cabinet. It is yellow, green, blue, red and pink. It has pipes, domino blocks and a marble. They are hard and small.

I use some pipes to build a tall tower and a long tunnel. I use some domino blocks to build a road. Then I put the marble on the top of the tower and it rolls.

I put my toy in a white toy box.
