

## My Opinion of Transport in Hong Kong

I like travelling by MTR but I don't like travelling by ferry.

The MTR is my favourite type of transport in Hong Kong. Travelling by MTR is fast. It only takes 15 minutes to travel from my school in Wan Chai to my tutor's music studio in Yau Ma Tei. It is also comfortable to travel by MTR. I don't like sitting on burning seats so I like travelling by MTR. It has metal seats which are always cool in summer. Although I sometimes need to stand, but I don't mind. What I like best about the MTR is that it is convenient. It can go almost anywhere in Hong Kong.

My least favourite type of transport is ferry. It is slow to travel by ferry. It takes 12 minutes from Wan Chai Pier to Tsim Sha Tsui Pier. Sometimes you need to wait for 20 minutes, I always have to wait for a long time. The ferries are very wobbly. I feel scared when the ferry wobbles.

I think the ferry is the worst transport but the MTR is the best!

## A Robbery

Last Thursday evening, there was a robbery at Moon Restaurant at 7:45 p.m. The robber used a sharp knife to rob the cash register while Doris was talking on the phone.

The robber said, 'Give me the money!' Doris felt very scared so she dropped the telephone and ran away. The robber was putting all the money into his bag when the manager, Mr Wong, set off the alarm.

After a few minutes, the police arrived. Mr Wong told the police who the robber was. Suddenly, the robber was riding the motorbike to escape while the police were chasing him.

Later, the police chased him to a building nearby. After that, the police used a pair of handcuffs to arrest the robber.

Finally, the police took the robber back to the police station. The robber told the police about the robbery. The police gave the money back to the manager. In the end, the manager thanked the police.
