How We Lived – 1970's 1

Author : Peter Lee

Reviewer : Mary Wong

5

This colourful book answers the question, 'How did our parents and grandparents live in Hong Kong in the 1970's?' The story is about a family with three children. They lived in a two-room flat in a housing estate.

Young people will enjoy this book. There are many beautiful photographs. Life in the 1970's was very different from life today.

10

This is a good book to read because we can learn about Hong Kong's history in an interesting way. The price is also not too expensive for such a beautiful book.
